

**Frequently Asked Questions: Driving a Cleaner Illinois
CMAQ Green Fleets**

Question	Answer
Eligible Projects	
If a vehicle that is converted from gasoline to half propane and half gasoline is it eligible under the Driving a Cleaner Illinois CMAQ Green Fleets grant?	As set forth in the NOFO, “[t]he eligible project types to be funded under this NOFO are the purchase of new Class 1-8 on-road natural gas or propane fleet vehicles or the conversion of new or existing Class 1-8 on-road conventional fleet vehicles to operate on natural gas or propane.” It is the Agency’s intent for the new or converted vehicle to operate only on natural gas or propane. Only applications for new or converted vehicles with dedicated natural gas or propane usage will be accepted.
